

GRATITUDE LETTER

As a missionary family, we want to first thank God and each one of you for the wholehearted support we have received to carry out this ministry in the southern region of our country, Honduras.

By God's grace, it has been three years since we began this journey. For the past four months, we have been visiting the mountains of Choluteca, a place where there are no evangelical church and no Christians, but there is great spiritual and physical need. People invite us into their homes to pray for their lives and their needs.

We continue sharing the gospel of Jesus Christ with children. We gather them in homes and schools to tell them the stories of Jesus. For many of them, it is the first time they hear the gospel. We also share the message with adults by visiting their homes and holding small meetings there.

Little by little, we are building relationships, learning from their culture, and making disciples of the Lord.

As for our family, our twin daughters are continuing their second year of university, so they are living in the capital. Izamar is turning 15 this year and she's in eighth grade. We have also purchased a new vehicle so we can travel in better conditions to the mountains and continue the ministry work.

Places where we are serving:

We are currently visiting four villages for evangelism:

El Guácimo: It takes about one hour walking to reach this place.

Los Hornos: It takes about two hours on foot since there is no vehicle access.

Las Chilcas: We visit the school there, with the help of some brothers and sisters in Crist, we were able to provide school supplies to six children.

El Zacatustal: A family lends us a house where we can stay and hold meetings.

Prayer requests:

-Please pray for the growth of the gospel in these places and for new disciples of Jesus Christ.

-Pray for financial provision for our family's support and for travel expenses, as we go twice a month to serve in these communities. We are in need of new supporters. If you feel led to share our vision with others who might join us as supporters, we would be very grateful.

-Pray for financial provision to cover the monthly payments for the vehicle.

-We are also praying to raise \$14,000 to purchase land in Choluteca. We currently have a small structure there but are renting the space. Our dream is to develop it into a training center for leaders.

Thank you so much for standing with us in prayer and support. We truly appreciate you.
