

Boese Prayer Bulletin

Reaching the next generation in Lassologo!

Dear companions on the Road, September 13, 2026

We just wrote you, yes, but there is more news to share!

Lassologo for Christ!

At last the outreach in Lassologo has begun! Back in June Pastor Fouhoton asked for prayer for this large village, not far from his home village of Tiepogovogo where Glenn and I ministered for years. The evangelism team, Wepine ("Let's Join Together") has been contemplating strategies for evangelism, because there has been much resistance to the Good News there. The village is divided in half to separate the Muslim and Catholic communities, but much traditional religion underlies all of it.

Pastor Fouhoton and his cohort have decided to begin by teaching the children, who are glad to come to an event especially planned for them. Yesterday, September 12, it began! Wepine was joined by a group from Abidjan (Fouhoton is a member of it too), OIV (Organisation Impact Vie). They gave gifts to 30 students and began teaching them. A key goal is to help both the parents and children become aware of the evil influences all around that can damage these young ones. This is just the beginning: in the coming months there will be a major outreach event in Lassologo.

Meanwhile personal efforts have led to five adults placing their faith in Christ, a major step for each one. They have understood that this is not a matter of having a religious "label"

by the chief months ago. Ongoing events for the children are being planned in coordination with the school director.

Fouhoton wrote us this prayer prompt: "Il nous faut Lassologo pour Christ!" (It is necessary to reach Lassologo for Christ). So let's join the community of prayer warriors and passionate child evangelism workers by praying along with them!
